

Grant Maddox, AWMA®

“Life is a marathon not a sprint, and that’s why I walk to work. I am happy to have found a place to be excited about coming to every day, and I’m even more proud to have found such a valuable career right out of school.”

What Grant brings to DWM is humor with a side of tenacity. Grant is self-motivated and committed to due diligence with our clients. Outside of work, Grant loves to travel and has taken previous trips including backpacking through Europe, and volunteering in Kenya. Originally from Chicago (Go Cubs!), he is now converted into a true beach lover enjoying everything Charleston has to offer. In his free time he loves to take his 70lbs Labrador retriever, Willow, to all the dog parks in Charleston.
